To tread on the path of success, with an explosive and innovative approach towards my field.

Experience

Infotrixx, Front-End Intern | Remote

Nov 2023 - Dec 2023

- Developed a Pomodoro timer application using HTML, CSS, JavaScript, and Next.js, enabling users to manage work and break intervals efficiently.
- Implemented customizable timer durations and intuitive user interface design with CSS, ensuring a seamless and personalized user experience.
- Utilized Next.js for server-side rendering and optimized performance, delivering a responsive and performant application for enhanced productivity..

S and Y Software Solutions, Flutter | Patna

Nov 2022 - Feb 2023

- Develops cross-platform mobile applications using Flutter and Dart.
- Collaborates with team members to meet project requirements and ensure quality.
- Implements UI/UX designs and integrates third-party APIs for seamless user experiences..

Education

7.79/10 **Bachelor of Technology in Computer Scicend and Engineering**, Katihar Engineering College

2019-23

78.4/100 **Secondary education in PCM**, Bihar School Examination Board

2017-19

82/100 **Matriculation**, Bihar School Examination Board

2016-17

Skills

Programming Languages Python, C/C++, HTML,CSS,Javascript,Django,SQL,Flutter
Software/Frameworks VS code, MYSQL, Code,blocks,Jupyter Notebook,Github, ChatGpt,
Soft Skills Time Management,Problem-Solving, Engaging Presentation,Leadership

Projects

Vehicles Price Prediction

June 2023 - Aug 2023

Python,Numpy,Pandas,Scikit-Learn

- Built a machine learning model to predict vehicle prices using Python libraries like Pandas, NumPy, and Scikit-learn.
- Conducted extensive data preprocessing, feature engineering, and model selection..
- Achieved accurate predictions and deployed the final model for real-time usage.

Weather Forecasting

July 2021 - Aug 2021

HTML,CSS,JAVASCRIPT

- Integrated with a weather service API to fetch data including temperature, humidity, and wind speed.
- Designed user-friendly interface allowing users to query weather data for specific cities.

Snake Game

Sep 2021 - Nov 2021

HTML,CSS,JAVASCRIPT

- Developed a classic Snake game using HTML, CSS, and JavaScript, providing an engaging user experience..
- Implemented game mechanics including snake movement, collision detection, and score tracking using JavaScript.
- Designed an intuitive and visually appealing user interface with CSS, enhancing the game's accessibility and enjoyment..

Certificates

2020 **Data Structures and Algorithms Specialization**, E & ICT Academy,

IIT Kanpur

2021 **Web Development**, Softnika Solutions Pvt Ltd.
